TRUE romance
MOTION PICTURE SOUNDTRACK

(LIMITED 25TH ANNIVERSARY CLEAR WITH WHITE SPLATTER VINYL EDITION)

STREET DATE: **SEPTEMBER 7, 2018**

Though it was directed by Tony Scott, the 1993 film *True Romance* displayed all the signature themes and images of its writer, Quentin Tarantino, from its grisly violence to its B-movie homages to its gleeful amorality. And the same could be said of the soundtrack; alongside composer Hans Zimmer's riff on Carl Orff (which itself was an homage to another violent road movie, *Badlands*), *True Romance* offered a playlist that smacked of Tarantino in its embrace of rockabilly (Charlie Sexton, Chris Isaak), grunge (Soundgarden), honky-tonk (Shelby Lynne), and romantic *machismo* (Robert Palmer's take on "[Love Is] The Tender Trap").Vinyl would seem a natural for such a "warped" soundtrack; and, for this 25th Anniversary reissue, we've crafted a custom jacket sporting production stills from the film. What's more, this release of *True Romance* comes in clear with white splatter vinyl limited to 1700 copies! Consider this a homage to one of the greatest cult classic films of all time...don't miss out on this limited edition.
